SUMMIT

A stylized graphic of a network or circuit board. It features a central vertical line with three nodes (circles) attached to it. From the top node, a line extends to the right and then up to another node. From the middle node, a line extends to the right and then up to a third node. From the bottom node, a line extends to the right and then up to a fourth node. The nodes are arranged in a roughly triangular pattern, suggesting a network or data flow.
