CTO Telecom Summit Content Committee Determines Agenda Topics for Upcoming Event

June 3, 2010 – The CTO Telecom Summit Content Committee participated in a conference call yesterday to determine agenda topics for the upcoming technology event, which brings together CTOs, CIOs, and IT executives to discuss the latest technology topics and trends. Participating telecom executives include:

- Paul Excell, Chief Customer Innovation Officer & COO, Innovation and Group Technology Officer, BT
- Chris Osika, Managing Director, US Service Provider Practice, Cisco Internet Business Solutions Group
- Bob Azzi, SVP, Network, Sprint Nextel
- Dick LeFave, Independent Telecommunications/IT Professional, D&L Partners, LLC & Former CIO, Sprint Nextel
- Jerry Brace, SVP & CIO, Rogers Communications
- Matt Beal, CTO, Centurylink
- Alan Strauss, VP & CTO, NII Holdings

To be held October 3-6, 2010 in Scottsdale, Arizona, the CTO Telecom Summit is an educational and networking opportunity for innovative North American technology and business leaders. The event's strategic agenda is designed to ensure that attendees maximize their time out of the office.

Initial agenda topics determined by this year's CTO Telecom Summit Content Committee: cloud computing, preparing for growth, mobility, mobile video content, and collaboration as a growth platform. The CTO Telecom Summit Content Committee will participate in another call at the end of July to finalize the event's agenda topics.

If you are interested in participating in the CTO Telecom Summit or would like more information, please contact Glenn Willis, EVP, CTO Telecom Summit at glenn.willis@cdmmedia.com or 808-694-3700.

About the CTO Telecom Summit

CDM Media brings together CIOs and technology executives from North America's Fortune 1000 organizations to develop business ideas and build lasting relationships with peers and colleagues. The CTO Telecom Summit, to be held October 3-6, 2010 in Scottsdale, Arizona, allows IT executives to discuss the latest business technology issues and learn about current technology solutions.
