## CIO Healthcare Summit Partners with Healthcare Technology Online

---

**February 3, 2011** – The CIO Healthcare Summit team announced today that it has formed a strategic partnership with Healthcare Technology Online, an online resource that provides readers with information on healthcare technology systems, implementation trends, best practices, and product information.

The CIO Healthcare Summit to be held April 3-6, 2011 at the Westin Kierland Resort & Spa in Scottsdale, Arizona, will bring together CIOs, technology innovators, IT analysts and solution providers to discuss the latest IT topics and trends, including Meaningful Use, the Health Information Exchange program, mobile technology in healthcare, HIE security and cloud computing. The event is an opportunity for attendees to network and build new business contacts in a relaxed, yet focused business setting.

Healthcare Technology Online, [www.healthcaretechnologyonline.com](http://www.healthcaretechnologyonline.com), features white papers, podcasts and blog posts on the latest healthcare technology news and solutions, from asset tracking to disaster recovery, medical imaging to field technologies. The site also features a comprehensive buyer's guide, daily news updates, contributed articles from leading healthcare industry analysts and vendors, and success stories that highlight how healthcare facilities are implementing technology solutions with maximum return.

“Part of being a successful technology executive is staying up to date on the latest technology products and solutions. Healthcare Technology Online provides access to the information that healthcare CIOs need in order to keep their organizations ahead of the technology curve and providing the best patient care,” said Chris Li, Event Director, CIO Healthcare Summit.
