CDM Media Partners with Technology Executives Club for Upcoming IT Events

February 4, 2011 – The CDM Media team announced today that it has formed a strategic partnership with Technology Executives Club, a private association for CIOs, senior IT executives and their staff, for two upcoming IT events.

The mission of the Technology Executives Club is to promote long and successful IT careers for its members, while benefiting their companies through the effective use of IT. The Club combines networking and thought leadership for senior IT executives with professional development for their staff. Through seminars, luncheons, webinars, whitepapers and a library of on-demand webcasts and webinars, Technology Executives Club provides the latest in peer-to-peer and industry expert information.

The Technology Executives Club has partnered with CDM Media for the following events:

- Core Systems Summit, April 14th & 15th, 2011, www.coresystemssummit.com
- CIO Summit, November 7 – 9, 2011, www.ciosummit.com (This event is also being held March 13-16, 2011)

CDM Media's technology events bring together CIOs and senior technology executives to network and attend in-depth educational sessions on the latest technology topics and trends. Set in a relaxed, yet focused business setting, the events allow executives to have candid conversations, share ideas and discuss IT projects. The agendas encourage attendee interaction through roundtable discussions, analyst Q&A sessions, and CIO Think Tanks.
